TRAINING

Georgia has attended and delivered in-service training sessions at Physio Matters, showing a strong commitment to ongoing learning. She also attends bi-monthly Brainwaves training focused on neurological rehabilitation. In addition to these regular sessions, Georgia has completed several external courses that enhance her clinical expertise. For a list of current external courses Georgia has attended, please contact us on 0161 681 6887.

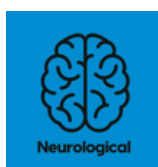

PROFILE

Georgia Farrance is a **Senior Neurological Physiotherapist** at Physio Matters, where she specialises in **upper limb rehabilitation**, **Pilates-based therapy**, and **Parkinson's Disease** rehabilitation. With a strong foundation in neurological physiotherapy, Georgia is passionate about helping clients achieve meaningful improvements in movement, function, and quality of life. Her approach combines clinical expertise with personalised, goal-driven therapy, using Pilates principles to enhance **core stability**, **posture**, and **motor control**.

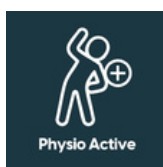

Georgia is committed to delivering high-quality, person-centred care. She works closely with clients to build trust, adapt therapy to their unique needs, and empower them throughout their rehabilitation journey.
